

Robert Smith
Analyst, GFMS Metals Consulting

Robert Smith joined the GFMS Metals Consulting team as a metals analyst in September 2008, assisting with the research and analysis of the base metals and steel markets.

Robert holds a first class degree with honours in BSc Economics, graduating from the University of Essex in July 2008. Prior to joining GFMS, he worked as a junior correspondent at BaseMetals.com over the summer of 2007.
