

The Hindi Version of *Gold Survey 2005* Makes Its Debut

GFMS is pleased to announce the release of the 1st edition of the Hindi language version of *Gold Survey 2005*. The publication was presented by Paul Walker, CEO GFMS Limited, at the India International Gold Convention 2005 which took place in Mumbai on 24th-25th August.

The launch of the Hindi version of the *Gold Survey* is an important and significant addition to GFMS' suite of foreign language surveys, and we are tremendously grateful to the **Rand Refinery** and **Minerals & Metals Trading Corp. of India** for their support in helping to make this happen.

(In addition to Hindi, the *Gold Survey* is published in English, Chinese, Japanese, Arabic and Russian.)

As the largest gold consumer in the world, it has been a long-standing anomaly that the world's premier source of market information has not been available in a local Indian language, and we are delighted that this has now been rectified.

Perhaps most importantly of all, by adding a Hindi version to its portfolio, GFMS are now able to reach an even wider readership in India. In some regards, this is a payback for all of the invaluable assistance from local market players that we have received over the years.

Finally, the launch of the Hindi *Gold Survey* further illustrates GFMS' ongoing commitment to be the leading provider of precious metals consultancy services at a truly global level.

To obtain a copy of the Hindi version of *Gold Survey 2005*, please contact Sanjiv Arole, email: sanjiv.arole@gfms.co.uk
