

Publication of *Gold Survey 2006* - Chinese language edition (10th anniversary)

GFMS are extremely proud to announce the launch of the 10th Edition of the Chinese Language of *Gold Survey*. GFMS have been researching the Chinese gold market for over 20 years, and since 2003 has had a permanent research presence in Beijing.

The 10th Edition is being released into a market that has undergone tremendous changes since the publication of the first edition back in 1997, all of which have been reported on and analysed in our Gold Surveys. The publication of the 10th Edition of the Chinese Language Gold Survey is a reflection of GFMS' commitment to the highest quality research in China, and provides us with an opportunity to give something back to market participants who have helped us so much in the past, and continue to help us in the present. No other research organisation can match the depth and breadth of GFMS' research into the precious metals markets in China.

This year's edition was kindly sponsored by Commerzbank Global Precious Metals, China National Gold Group Corporation, World Gold Council and was translated and edited by Beijing Gold Economic and Development Center.
